With a proven track record as a Frontend developer, I bring expertise in modern web technologies and a passion for crafting intuitive user interfaces. Skilled in responsive design and optimization, I thrive on translating complex concepts into seamless digital experiences. Ready to drive innovation and elevate user engagement for your team.

EXPERIENCE

JUNE 2023 – DECEMBER 2024

FRONTEND DEVELOPER INTERN, IT CENTRAL LTD.

- Actively engaged in continuous learning, exploring new frontend technologies and frameworks to enhance skill set and stay updated with industry trends.
- Contributed to the development of innovative web applications aimed at fostering tech talent and innovation in Northern Nigeria.
- Demonstrated a strong work ethic and eagerness to take on new challenges, contributing to a dynamic and collaborative work environment at iT Central.
- Received positive feedback from mentors and colleagues for rapid skill acquisition and contributions to team projects.

JULY 2023 – SEPTEMBER 2025

JUNIOR FRONTEND DEVELOPER, SCHOOLA LTD.

- Developed responsive and user-friendly interfaces for Schoola's educational platforms.
- Implemented a component-based architecture, streamlining development processes and enhancing code maintainability.
- Collaborated with design and product teams to ensure seamless integration of UI/UX designs, enhancing overall user experience.
- Actively engaged in continuous learning and professional development staying up to date with the latest technologies and trends to drive innovation within the team.

MAY 2024

TECHNICAL CO-FOUNDER, CONNECTED LTD.

- Founded and led the overall development of ConnectED, architecting and building an SMS-first, AI-powered communication platform from concept to production.
- Developed and implemented a scalable, component-based frontend architecture for rapid iteration and long-term maintainability.
- Engineered and integrated AI query workflows, credit-based billing systems, and high-volume SMS broadcast features in close collaboration with backend services.
- Drove frontend technical strategy, aligning tooling, performance, and UX decisions with business goals.

EDUCATION

OCTOBER 2021 – DECEMBER 2025

BSC. COMPUTER SCIENCE, KADUNA STATE UNIVERSITY

As a computer science student, my coursework covers a wide range of topics including algorithms, data structures, programming languages like Python, Java, databases, and software engineering.

SKILLS

- HTML/CSS
- JavaScript
- TypeScript
- Python
- React Js.
- Next Js.
- Material UI
- Tailwind CSS

PERSONAL ACTIVITIES

PROFESSIONAL CERTIFICATES

- HackerRank Problem Solving (Basic) Certificate.
- HackerRank JavaScript (Basic) Certificate.
- HackerRank JavaScript (Intermediate) Certificate.
- HackerRank React (Basic) Certificate.
- HackerRank Frontend Developer (React) Certificate.

PASSIONS AND ACTIVITIES

- Actively involved in the local tech community, participating in hackathons, meetups, and tech events.
- Passionate about mentoring and empowering aspiring developers, volunteering as a coding instructor at my enrolled school.
- Engaged in personal projects, such as developing web apps to further hone skills and explore new technologies.
- Served as a team leader in several hackathons, demonstrating strong leadership and organizational skills.
- Hackathon winner at several hackathons including but not limited to Africa's Talking innovative hackathons and Digital Nigeria hackathon conducted by NITDA.
